SUMMARY

Motivated software developer with nearly 2 years of experience in full-stack development. Adept at contributing to the entire development life cycle, from requirement gathering to deployment and maintenance. Skilled in working with various frameworks, programming languages, and software environments.

PROFESSIONAL EXPERIENCE

Associate Software Engineer   March '23 - Present

Nagarro

- Developed and integrated REST APIs using Java, Spring Boot, and microservices, utilizing AWS cloud services. Actively participated in the full Product Development Lifecycle, from business requirements gathering to implementation.

- Refactored legacy code, enhanced performance by updating dependencies, and consistently delivered new application features on time through building, testing, and deployment.

- Worked on building UI components using technologies like ReactJS, Redux, NodeJS, and HTML/CSS, enhancing user experience, and integrated PagerDuty for real-time alerts to enable quicker issue resolution.

- Worked on SmartGWT and Java to develop rich, interactive web applications, enhancing functionality and improving user interface elements.

Java Trainee

Ducat

- Completed 3-month Core Java training program, gaining hands-on experience in application development.

- Proficient in core Java programming, object-oriented principles, and data structures. Collaborated on real-world projects, demonstrating teamwork and problem-solving skills.

EDUCATION

MIET Meerut (Abdul Kalam Technical University)   2019-2023

Bachelor of Technology: Computer Science and Engineering
Percentage: 84.5

Central Board of Secondary Education (CBSE)   2017-2019

INTERMEDIATE (10+2): Science
Percentage: 92

KEY SKILLS

Full Stack Development, API Integration, CI/CD Deployment, Collaboration, Multitasking, Debugging

TECHNICAL SKILLS

- **Programming Languages**: Java, SQL
- **Web Design**: HTML5, CSS, JavaScript, ReactJS, Angular
- **Framework**: Spring Boot, SmartGWT, GWT, Hibernate
- **Cloud**: AWS
- **Database**: MySQL, PostgreSQL
- **Web/Application Servers and Build Tools**: Tomcat, Maven
- **IDEs**: IntelliJ IDEA, Eclipse, PyCharm, VS Code,
- **Tools**: Postman, JIRA, GitLab, Jenkins
